Impressive Services Held To Honor The War Dead

The memory of those who fell during the two World Wars and those they left behind was honored by the veterans and townspeople at very impressive services on Wednesday, November 11th.

At about ten-thirty the veterans, the Ladies Auxiliary to the Canadian Legion and the Air Cadets Squadron paraded from the Legion Hall to the Cenotaph to martial music played by the Bonny-Doon Pipe Band from Lethbridge. At the Cenotaph a brief Memorial Service was held with Legion Padre J. Golden Snow offering the invocation. Ted Wagstaff lowered the flag during the two minutes silence after which Mayor Frank R. Taylor laid a wreath on behalf of the Town of Raymond, commenting briefly on the sacrifice that so many made and the debt we owe to them. Bill Mehew, Bob Zobel, Val Attwood, J. D. Hall, Ted Brewerton, Paul Fairbanks, Mr. Oishi and Lyman Turner also laid wreaths as the pipers played lament. Paul Redd played "Reveille" and the "Last Post" during the ceremony. After the assembly sang "God Save The Queen" the parade moved off to the Stake House for a church service.

Padre Snow was in charge of the service with Bishop J. O. Hicken offering the opening prayer. The choir led by Kay Stone with Velma Redd at the organ sang "Abide With Me" after which Rev. Howard Pentland of Magrath spoke on "The Power of Purpose" using as his text the twelfth verse of the 33rd Psalm — "Blessed is the nation, whose God is the Lord and the people whom he hath chosen for his inheritance."

Rev. Pentland said that we are all part of the great drama, that we are characters in the story that could be called "The Power and Purpose". "We have grown up... we have become bigger... we have put on the clothes of manhood and, like a youth on his first date, we are a bit nervous at the knees, but we are spurred on toward our fuller development by the urge to be manlier yet."

This is Canada's Hour... an hour in which the world is watching and demanding that she answer the question — Is yours a nation that believes: Blessed is the nation, whose God is the Lord and the people whom he hath chosen for his inheritance? In quoting Quincy Howe, a great historian, Rev. Pentland said, "The 20th century has put the human race on trial for its life." And he also stated that we as members of the human race and as the chosen people of God have a huge responsibility as directors of Gods big business.

Again taking the words of a famous man he quoted Albert Einstein as saying "If the atomic bomb is used in the 3rd World War, two thirds of human race will be destroyed." Another scientist had this to say — "I write this to frighten you. I am a frightened man myself. All the scientists I know are frightened... frightened for their very lives."

"These are plain facts... although tragic and dark as they may seem. But like candles lit in great darkness, there is a ray of hope. There is the power of purpose. That is to say — that the power of good will triumph over the power of evil."

"It is believed that love is greater than hatred, that kindness is stronger than unkindness, courtesy is the lubrication of human relations. Further we must convince our enemies as well as our friends that this way of life is

What Happened To Winter?

Even the chickens are wondering what happened to Winter! Mrs. Fountella Hawkins has a spring pullet that must not have been told all the facts of life, because she is the proud mama of 19 very healthy and happy chicks — hatched very near the middle of a snowless November too! The other evening while Allan was doing the chores he heard a "peeping" noise from the hay loft and upon investigating found the young hen with her brood. Besides the nineteen chicks there were seven more eggs in the nest.

MEMORIAL SERVICES
(continued from page one)

At six-thirty about sixty veterans attended the banquet at the Legion Hall and sat down to a turkey supper just like a king must dream about. Padre Snow said Grace and President Ray Attwood proposed the toast to the Queen and then called on John Landyschaff to introduce the speaker, who was Billie Williams of Taber. Mr. Williams is the 1st Vice President of the Provincial command and has spent 34 years in Legion work.

In his address Mr. Williams complimented the local Legion for their efforts and warned that, as in all things, more cannot be taken out of any organization than is put into it. He said the Legions purpose is to give assistance and that the Legion had fought for veterans benefits and now some of those who benefit most will not even join the Legion.

He also explained that the reason for only having one style of poppy this year was to bring more forcefully to the attention of the public that the poppy is a sign of remembrance and not just a decoration. He said that part of the money derived from the sale of poppies was held in Edmonton for use in emergencies and that there was also money from the Benevolent Fund that could be made available in case of emergencies.

Mr. Williams said that the Legion is going to conduct a campaign this year to raise money to fight polio and that it would start on January 5 to coincide with the March of Dimes.

He expressed joy at being invited to the meeting and also at having been served such a delicious dinner and extended the compliments of all present to the Ladies Auxiliary for their wonderful job.

Community singing was led by Frank Taylor with Fern Thompson at the piano and the vets sang with great gusto some of the old songs. Bill Meheew pleased the crowd with his solo rendition of "Home on the Range" but declined a hearty invitation to encore. Dat poy from de colony came in to town for the evening and told of some of the many things he had heard on the streets about various characters of our town. During the evening the Ladies Auxiliary raffled a box of chocolates with Evan Jensen being the winner.

With the singing of "God Save The Queen" a very enjoyable evening was brought to a close.

Mr. and Mrs. Carlos Harris and Mr. and Mrs. Jim Hyde of Lethbridge were Sunday visitors at the Ben Kendts.

The lecturer was a well-known Doctor of Laws, and his talk was to be on "Fools".

The chairman stood up to introduce him.

"Ladies and gentlemen," he said, "we are now to have a lecture on fools by one" — he paused, and there was loud laughter before he resumed—"of the wisest men in the country."

The lecturer then rose. "Ladies and gentlemen," he said, "I am not half so big a fool as the chairman"—he paused, and again there was loud laughter—"would have you suppose!"

Due to a change in policy by our wholesaler, Sturdie Propane, we regret to announce that, effective immediately, all propane gas must be paid for on delivery or within five days after delivery.

All accounts exceeding this credit limit will be placed on a strict C.O.D. basis, with no further gas delivery until all accounts are paid.

GOVERNMENT BUSINESS

RURAL ELECTRIFICATION

The present-day supply of electrical power to 21,386 Alberta farms has been made possible by the co-operation of the farmer, through his Rural Electrification Association; the Provincial Treasurer, representing the Government of Alberta; and privately-owned power companies.

THE FARMER, working through his association, acts as organizer and arranges for equipment and for private financial assistance or government assistance. Since 1947, 299 Rural Electrification Associations have been chartered under the Co-operative Associations Act, administered by the Department of Industries and Labor.

THE PROVINCIAL TREASURER, under the authorization of the Rural Electrification Revolving Fund Act, passed during the last Alberta Legislature sessions, grants loans from a fund of \$10,000,000. In addition, the Provincial Treasurer can guarantee the borrowings of Rural Electrification Associations, provided interest on such loans does not exceed 3 1/2 percent over a maximum of 10 years. The Alberta Government has guaranteed borrowings of 192 associations for a total of \$4,406,685. The government has made direct loans of \$3,513,000 to some 80 Rural Electrification Associations.

THE POWER COMPANIES build and operate power lines at cost. Lines are built on an estimated cost basis; refunds are made when warranted by final cost figures.

Your government assists Alberta farmers with rural electrification, making every effort to expand high line facilities all over the province.

The availability of men and materials to build power lines is the only factor limiting your government's assistance to Rural Electrification Associations.
